Patient Safety in Health Advocacy Role

Thursday, September 12th, 2013

1:00 pm – 5:00 pm

Arnold & Blema Steinberg Medical Simulation Centre
3575 avenue du Parc, Suite 5640

**This session is for all medical residents.
Space is limited: 60 seats**

"An adverse event can be devastating for everyone involved. Patients and families live with the consequences of avoidable adverse events, and physicians and other health care providers live with the burden of the event." *Getting it Right.*

Planning Committee

Dr. Sero Andonian

Director, Core Competency Program

Dr Fanny Silviu-Dan

Health Advocacy CanMEDS Champion

Dr. Daniel Chartrand

*Chair, "Vigilance Group for Healthcare Safety", MSSS
(Quebec)*
