H1N1 Virus - Guidelines for Program Directors

1. Please review and familiarize yourself with the pandemic flu plans of your hospital.

Note: The Public health Agency of Canada has an online pandemic exercise at:
http://www.phac-aspc.gc.ca/publicat/2008/influenza_et-bo/index-eng.php.

2. Please ensure that the residents are aware of the local hospital flu plans and protocols.
3. Please ensure that you are aware of the Guidelines for Residents circulated by our office.
4. Assign a replacement in case you become too ill to continue on as Program Director.
5. Review the rotation schedules of residents with chronic conditions and/or pregnant to determine if they can be altered to lessen their exposure.
6. Plan for the alternative learning approaches in case academic half-days cannot continue.
7. Contact numbers

MUHC: (514) 934-1934 x44358
JGH: (514) 340-8222 x5115
St-Mary's (514) 345-3511 x3360
Douglas (514) 761-6131
